FRACTIONAL BUMPER PLATES

PRODUCT OVERVIEW

Coredeluxe newly redesigned KG/LB Fractional Plates are 0.125KG (Blue) and 0.25KG (Red) as well as 0.25LB (Green), 0.5LB (Yellow), 0.75LB(Blue), and 1LB(Red). Each plate features a 50.40mm collar opening and an exterior rubber coating for a firm, steady hold on any standard Olympic barbell. A quality matte finish and raised white lettering give the plates a bold look, with easy recognition from a distance, and deluxe KG/LB fractional plates could be a tight fit on the barbell sleeve right out of the box.

Virgin Rubber

100% virgin rubber

100% virgin rubber with no smell or odd which affect human body or healthy.

Accurate Weight

+/- 3 Grams

The weight tolerance of Coredeluxe IWF competition bumper plates could be within +/- 3 Grams.

High-level customization

Customization allowed

High-level customized and being capable to use as Crossfit Game Plates.

Features

- 1. Competition certified for smaller increases and manageable weight jumps.
- 2. For those times when smaller weight changes make all the difference, the Coredeluxe Fractional Plates are certified and calibrated for record setting lifts.
- 3. The durable original rubber coated change plates come in an Olympic colour scheme with a lipped edge for secure easy handling and coordinate with Coredeluxe IWF training and competition weightlifting plates.
- 4. All the Coredeluxe Fractional Plates are with Satisfied IWF Standard, accurate tolerance, strong construction, easy identification and champion quality.
